

Very good speaker, right length, good venue. Copy of her presentation on the website would be good idea too.

Well done to you.

V

I thought Tabitha was excellent, she gave a thorough presentation and fielded questions well. I liked her style and the content was relevant. I think the only draw back was the fact that she didn't have to hand specific examples of the essential criteria, but she picked that up on the hoof and that was fine. Lovely venue - as its round the corner from us!

All in all pretty good Tracey.

Thanks again,

Steph

Today's session was excellent in terms of presentation of material and factual answers to questions. The accommodation was good and the catering very adequate. Tabitha I am very happy to note dealt with the subject matter without bias towards her firms services. Commendable.

I thought Jo brought things to a conclusion very well too.

Good workshop, informative and helpful today.

Excellent CQC workshop. Very useful, a pity more GPs didn't make use of the opportunity to become acquainted with whats on the horizon. Tabitha was very easy to listen to and practical in her advice.

I thought the workshop was very informative and that Tabitha was easy to listen to. Thanks

Please book me on the QOF workshop. Found today very useful and thought Tabitha was good.

thanks for arranging it.

I found the session really useful today and it made me realise that I can begin preparing immediately.
Excellent presentation and venue

Today's session was good - if a little alarming!

Peter's point is good (i.e. that us PMS have a lot to do!). It's not just CQC but all the other stuff that we have to add to our workload (like monthly Enhanced Service returns) without them even consulting us.

Tabitha pitched it at the right level and, despite the worry it caused, it was clear and should have given us enough ammo to go back to our Partners and try to get them to buy in (although, in my Practice, I know it will be like pulling teeth!).

I would be lying if I said that I enjoyed it - but I certainly appreciated what Tabitha was able to tell us.

The CQC workshop yesterday was one of the most useful I have attended of the WSPMA sessions. An excellent speaker presenting clear factual details.

Excellent session - clearly I need to appoint a CQC Task Force to ensure we cover all existing and future provision here at PMG !

Yesterdays CQC briefing was extremely valuable and thought provoking and well presented. Thank you

The workshop yesterday was excellent.
